India's *Recruitment Industry Demand*

What's Driving the Demand?

The HR recruitment industry in India is experiencing significant growth. With the increasing demand for talent, companies are adopting strong recruitment strategies to drive their growth.

Here's a snapshot of news article what's driving this unprecedented demand:

The screenshot shows the 'people matters' website. The main article is titled 'India's hiring trends: 37% of employers set to ramp up recruitment by March 2024' by author Samridhi Srivastava. A 'QUICK POLL' on the right asks 'How do you envision AI transforming your work?' with options: 'Boosting productivity & efficiency', 'Automating jobs & displacing workers', and 'Creating new job opportunities'. The article is categorized under 'Permanent Recruitment'.

The screenshot shows 'The INSIGHT Partners' website. The main report is titled 'India Staffing and Recruitment Market to Grow at a CAGR of 13.2% to reach US\$ 48.53 billion from 2022 to 2030'. It includes a detailed description of the report's scope and key statistics. The report code is TIPRE00030063, published, and categorized under Technology, Media and Telecommunications. The number of pages is 140.

The screenshot shows 'THE ECONOMIC TIMES | Careers' website. The main article is titled 'Professionals with 3-5 years of experience to be the most in demand: survey'. The article is part of a series on 'HR Policies & Trends' and is categorized under 'Professionals with 3-5 years of experience to be the most in demand: survey'.
